

SummerGrade Mastic

Product Description:

SummerGrade Features:

- Easy to apply
- Perfect for warm weather
- Adheres to damp surfaces

HouseGuard's Summer Grade Mastic is a flat surface repair cement formulated with refined asphalts, special fillers, plasticizers and solvents and thickened with a special chemical gellant for increased water resistance. Formulated as an all-purpose repair cement it contains special additives which provide excellent adhesion to damp substrates. Summer Grade Mastic remains soft and pliable though all climatic conditions assuring a durable, weatherproof seal. SummerGrade, like WinterGrade, is perfect and the recommended product for patching tie holes. This mastic can be applied easily with either a trowel, putty knife or brush. Available in five gallon pails. One – five gallon pail will cover approximately 62 square feet.
